Mailing Address (if different): _____

Please review the Association Policy Handbook which details all fence requirements. The Handbook is available at www.stuarthallhoa.org/documents.

The Lexington-Fayette Urban County Government requires a building permit for a fence. Please attach a copy of the permit from LFUCG Division of Building Inspection with this application. The Association will not review applications without this permit. Please allow seven to ten business days for a response to this application from the Association.

Description of Proposed Fence

Please confirm fence style, materials, height, etc. A picture or brochure is helpful.

Please use the space below to sketch the fence in relation to the house, showing where the fence wraps to the rear corners and remains within the building or set back lines (especially for corner lots). Please use simple block diagrams to depict the house and fence. Please mark existing fences and "new" for your fence if connecting to any neighboring fences.
